Stakeholders Feedback Analysis

Academic Year 2022-23

JBR Architecture College strives to provide an optimal environment and learning experience to attain academic excellence and professional competency. Key stakeholders, including students, teachers, alumni, and employers, are pivotal in enhancing the quality of the learning process. As a result, the institution annually gathers feedback from all stakeholders students, teachers, alumni, and employers regarding the institutional curriculum and ambience. This feedback is utilized to improve the quality of learning activities within the college, aiming to enhance the professional skills, employability, and entrepreneurial capabilities of the students.

Students Feedback

Students serve as crucial stakeholders, and their input holds significance as it keeps the college informed about their desires and requirements. This input is particularly valuable when crafting elective courses and additional offerings both curricular and co-curricular.

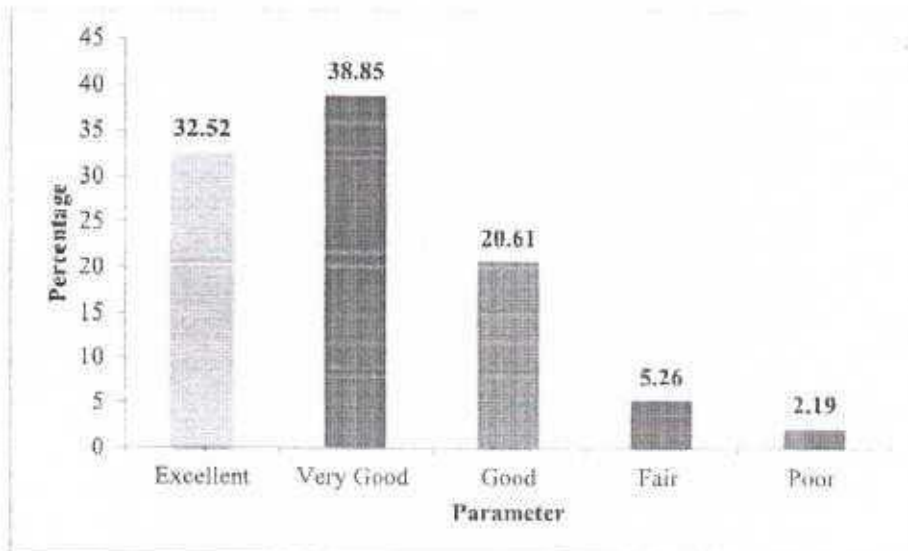

Student feedback is collected annually in even semester. Students are furnished with a feedback form to articulate their opinions. The recorded preferences are subsequently analyzed to generate the Feedback Analysis Report.

Alumni Feedback

Alumni serve as valuable resources, providing insights from a real-world perspective and illustrating expected competencies. They are regarded as essential stakeholders, and their feedback guides the college in syllabus revisions, inclusion of add-ons, career guidance programmes, and aligning the curriculum with industry needs.

Alumni feedback is collected during annual alumni meets, utilizing feedback forms to record their perspectives. The collected data is then processed to generate the Feedback Analysis Report.

Employers Feedback

Understanding the significance of employer perceptions in career preparation, the college collects feedback from employers during placement drives. This feedback aims to gauge JBR Architecture College's role in shaping careers and the performance of its graduates in workplaces. Employers are provided with feedback forms to record their opinions, and the collected data is analyzed to create the Feedback Analysis Report, facilitating the incorporation of work-relevant content into the curriculum and improve overall learning ambience

Feedback Analysis and Action taken for revision of syllabus

Academic Year: 2022-23

S. No	Subjects Recommended	Justification	Action taken
1	3D studio Max	3D Studio Max tools have found their way into far more areas of our work life. It has modelling capabilities and flexible plug-in architecture and architectural visualization studios frequently use it. This course will be useful for young architects.	Suggestions/recommendations based on stakeholders' feedback are sent to affiliating university for their consideration and approval for upcoming revision of syllabus.
2	Environmental Impact Assessment	To update the students about Environmental Impact Assessment (EIA) which is used to identify the environmental, social and economic impacts of a project prior to decision-making. It aims to predict environmental impacts at an early stage in project planning and design, find ways and means to reduce adverse impacts, shape projects to suit the local environment and present the predictions and options to decision-makers.	
3	Architectural Start up and Entrepreneurship	As Entrepreneurship is a potential option for Architects, this course helps students in their future.

FEEDBACK ANALYSIS AND ACTION TAKEN REPORT

Academic Year 2022-23

Suggestions/Recommendations from Stake holders:

Students suggested the need for more industry relevant software training programs for better placements. They also requested to provide career guidance and expert talks.

Teachers proposed to increase number of practical oriented courses, encourage students to do projects/internships from II year onwards. Recommended to have more site visits. They also requested for some Faculty Development Programs.

Alumni suggested to select emerging domain courses as electives, insisted for the add-on programmes that help the students to improve their communication, design and entrepreneurial skills.

Employers advised to encourage participative learning and team work. Suggested to have more practical training in the emerging Architecture related Softwares.

Action taken:

- Suggestions/recommendations based on stakeholders' feedback are sent to affiliating university for their consideration for upcoming revision of syllabus.
- **Architect Skills, Equality & Empowerment, Entrepreneurial Skills** were offered as Add on courses to enable students to be more competent in dealing with the day-to-day challenges in a positive way.
- Subject related add-on courses - **Advanced AutoCAD, Adobe Photoshop and Illustrator, Complete Sketch UP Course for Architectural Design, Vastu in modern architecture and Advanced Revit Architecture** were designed to update students with the latest technologies.
- Students are also encouraged to enroll for certificate courses under NPTEL, Swayam or any other MOOCs. Few students completed NPTEL courses and UDEMY.
- To promote the participative learning, students are encouraged to do group projects in Architectural Design Studio courses.
- Site visits are made mandatory for all the students to promote experiential learning.
- **URBAN DESIGN STUDIO OPEN HOUSE - LETS TALK** With the Eminent Architects **Peter Rich and Biju Kuriakose** was conducted on 5 & 6th May 2023.
- **Seminar On Narrative in Architectural Design** by Sriram Ramakrishnan, **Seminar on Sustainable Architecture and Living - Organo - Ms. Vaishnavi Puttur, Talk on Green Building Technologies – IGBC** were conducted.
